

# Having Your Septic Pumped Is Like Getting An Oil Change

Regular maintenance of either one saves you money and protects our environment.  
Septic Pumping is recommended every 3 to 5 years

## You may be eligible for a grant

If you live in an area that drains toward Tuscarora Creek, you will likely qualify to be reimbursed for 1/2 the price of pumping. Up to \$150.00.

## What if my septic system is not working properly?

You also may be eligible for a grant to cover 70% of the cost of repairing or replacing your system up to \$7,000. A low interest loan may be available for the remainder of the cost. This program is made possible by West Virginia Dept. of Environmental Protection Clean Water Act Section 319 Funding.

Thank you for joining us in our efforts to improve water quality in the Tuscarora Creek Watershed!

**Tuscarora Clean Water Act Section 319(h)2013  
Septic Pumping Cost-share Program COUPON**

**50% off septic system pumping costs (up to \$150)**

To confirm your eligibility, contact CVI at [info@canaanvi.org](mailto:info@canaanvi.org) or call 304-704-0255. If you are eligible, submit your coupon with your vendor's receipt by mail to CVI (PO Box 716, Davis, WV 26260). You may also print and complete the septic upgrade cost-share application available on the Berkeley County Board of Health website.
